

# H1N1 Vaccine is available for FREE.

Vaccine is available to the general public while supplies last.

The DCHD and the CDC especially recommends that people in the following groups get vaccinated:

- Pregnant Women
- Caregivers of infants younger than 6 months of age (parents, siblings & daycare providers)
- Healthcare providers and first responders
- Individuals ages 6 months to 24 years of age
- Persons ages 25 to 64 years with medical conditions that put them at risk for influenza-related complications (diabetes, asthma, ect.)
